# IF YOU THINK YOU SMELL GAS IN YOUR HOME...

# FOLLOW THESE IMPORTANT SAFETY PROCEDURES

1

## Leave your home immediately.

Do not light a match, touch electrical switches or use your phone. Walk, don't run, from the premises.

2

Call Bright Energy from a neighbor's phone or cellular phone. Our 24-hour emergency number is (800) 421-5863.

3

Stay outside your home until a Bright Energy representative arrives and the leak has been found and fixed.

4

Have a Bright Energy or other qualified technician re-light your gas appliances for you. Don't take chances with your safety or that of your family.

---

---

---

---

Make sure every family member knows how to use gas appliances safely and that they know what they should do in case of an emergency.

Natural gas is a dependable, cost-efficient energy. It is also one of the safest. With your help, it will remain that way.

## **Emergency Numbers**

Fire \_\_\_\_\_

Police \_\_\_\_\_

Doctor \_\_\_\_\_

Bright Energy **(800) 421-5863** \_\_\_\_\_

## **Call 48 hours before you dig!**

For safe digging information for residents, contractors and anyone planning to dig in Ohio, call (800) 362-2764.
